

Derek Keith | IT Professional

derek@asmartpixel.com 502.428.6048 1794 Barnes Road, Bardstown, KY 40004

Objective To obtain a position as an IT professional within a team and/or group environment that through the course of my career will fully utilize, challenge and enhance my knowledge; To work toward being more efficient at achieving and exceeding the goals and expectations required of me.

Experience **Dec 2007 - Feb 2009** **Senior Web Developer** **Westin Consulting - Denver, Colorado**

Westin Consulting owns and operates several law-related website directories for individuals to find the professional pre-screened help that they require. Westin Consulting has two locations in Los Angeles, CA and Denver, CO.

Job Responsibilities:

- Design website wireframes
- Improve current website usability
- Revise with feedback
- Manage project status and timetracking
- Weekly phone conferences
- Integrate with various open source applications

2006 - 2007 **Senior Web Developer** **DBS>Interactive - Louisville, Kentucky**

Designed website compositions based on the client's description of the functionality that they desired. Worked in-office with clients face-to-face to achieve their personal goals. Managed overall project status with a management system and communicated directly to the development superior.

2004 - 2006 **Owner/Web Developer** **Indesicant Designs - Louisville, Kentucky**

Worked as a independent freelancer in the web development community. Worked with several clients and learned much about the expectations and importance of project scopes, due dates, and timelines.

Education **2008 - Present** **Purdue University** **West Lafayette, IN**

Bachelors degree of Computer Science (CS) in progress. **Expected Graduation: 2012**

Technical proficiency **Platforms:** Mac OS X, Windows Vista/XP/NT/2000, and *nix.

Applications: Adobe Photoshop CS4, Adobe Illustrator CS4, Adobe Flash CS4, Adobe Dreamweaver CS4, 3D Studio Max, Subversion (Git), VIM, TextMate, Microsoft Word, Microsoft Excel.

- Languages:**
- Expert in XHTML and CSS.
 - Expert in HAML and SASS.
 - Intermediate in open source integration.
 - Intermediate in PHP.
 - Intermediate in MYSQL.
 - Knowledgeable in Ruby on Rails.
